  Leader in energy efficiency innovation.

Thank you for the opportunity to compete for your business.

EMPIRE STATE BUILDING

Soaring 1,454 feet above Manhattan, the Empire State Building is the World’s Most Famous Building. With new investments in energy-efficiency, building-wide infrastructure upgrades, public areas and amenities, the Empire State Building has attracted industry leading tenants from around the world including Citizen Watch Company, Global Brands Group, Priceline, LinkedIn, Shutterstock, JCDecaux, Expedia and Skanska.

NYC’s Premier Urban Campus:
• 15,000-square-foot tenant-only fitness center
• Tenant-only conference center
• State Grill and Bar, with private executive dining and event space
• Multiple in-building dining options

Building-wide upgrades include:
• Restoration of the Art Deco masterpiece lobby
• New Otis Destination Dispatch high-performance elevators
• New corridors and bathrooms
• Retrofitted windows
• World’s largest cutting edge wireless BMS system
• Upgraded HVAC systems
• New electric and water distribution

World-wide leader in sustainability: Empire State Realty Trust partnered with the Clinton Climate Initiative, Rocky Mountain Institute, Johnson Controls and Jones Lang LaSalle to develop an innovative process for comprehensive whole-building energy efficiency retrofits. The Empire State Building’s total energy consumption will be reduced by 38% and achieved an Energy Star rating of 80, placing it in the top 20% in energy efficiency among all buildings measured.
• Tenant energy savings of up to 57%
• Improves tenant space comfort and temperature control
• Less sick days
• Superior work environments
• Higher employee recruitment, retention and productivity

Located in the center of Manhattan, the Empire State Building is central to Penn Station, Port Authority, PATH, Grand Central Terminal and steps from 15 subway lines.
